

ALEKSANDR DOLINSKY

ABOUT ME

I am open to new professional opportunities and actively seeking a Front-end developer role in a team where I can apply modern development approaches, enhance products, and grow as a specialist.

TECHNICAL PROFICIENCIES

HTML, CSS, SASS, JavaScript, TypeScript, React, React Router, React Hooks, React Query, Vue, Pinia, Vuetify, Axios, Next, GraphQL, Hasura, MySQL. Ant Design, Tailwind CSS, Bootstrap, MUI, PrimeReact. Webpack, Vite, Yaak, Swagger, Postman, CI/CD, (GitHub Actions).

PROFESSIONAL EXPERIENCE

I specialize in Front-end development using technologies such as React, Next, Vue, and various API. I have hands-on experience with tools like Git, CI/CD, Jira, and more. My background includes developing, maintaining, and optimizing applications, CRM systems, and product solutions.

ADMSS (03.2022 - 01.2025)

I have completed many cases (individual tasks) covering the full development cycle — from programming to testing. I worked on creating two CRM systems based on React for a car dealership: a CRM for automating service processes — a solution that optimizes customer work, and internal business processes.

INNOWISE GROUP (05.2019 - 10.2021)

Development cross-browser compatible user interfaces using React and Vue. Collaborated with UX/UI designers to transform concepts into intuitive, user-friendly interfaces while maintaining brand consistency across platforms. Utilized modern front-end tooling and build processes to streamline development workflows and ensure code quality.

EDUCATION

Open International University of Human Development "Ukraine"
(<https://uu.edu.ua/>) — software engineering

Interregional Higher Vocational School of Communications
(<https://pkvfp.kiev.ua/>) — radio mechanic
