PROFESSIONAL EXPERIENCE

Experienced Front End Developer with 5 years of expertise in Web Development. Specializing in building scalable user interfaces using React and Vue. Skilled in developing both e-commerce platforms and admin dashboards.

TECHNICAL SKILLS

- Experienced with React Hooks for building dynamic and responsive components.
- Proficient in state management using Redux, Redux Toolkit, and other libraries.
- Skilled in client-side routing with React Router.
- Hands-on experience with popular component libraries: React Bootstrap, Material-UI, Semantic UI React, PrimeReact, Ant Design, Chakra UI.
- Familiar with Next for server-side rendering and static site generation
- Experience integrating TypeScript in React projects.
- Strong understanding of Vue component lifecycle and reactivity system.
- Proficient in state management using Vuex.
- Skilled in navigation and routing with Vue Router.
- Experienced with both Composition API and Options API.
- Knowledgeable in using component frameworks such as Vuetify and Element UI.
- Familiar with Nuxt for SSR and static site generation.
- Experience integrating TypeScript in projects.

React Developer — ADMSS LTD

08/2022 — 05/2025

I was part of a cross-functional team consisting of a backend developer, designer, and QA engineer. I completed numerous cases (individual tasks) covering the full development cycle — from programming to testing. I worked on the development of two CRM systems based on React for a car dealership: a CRM for automating service processes—a solution that optimizes customer management—and internal business processes.

Front-end Developer — Matrix Agency LLC

02/2020 — 08/2022

Collaborated with UX/UI designers to transform concepts into intuitive, user-friendly, and visually appealing interfaces. Ensured consistency and brand style across different platforms and devices by implementing design systems and components following company guidelines. Utilized React and Vue for interface development. Conducted cross-browser testing to guarantee interface quality. Participated in the implementation of CI/CD automation processes for seamless integration and delivery of new features.

EDUCATION

Open International University of Human Development "Ukraine"
